

Early Days: Developing my Child's Toileting Skills

A **FREE** workshop for parents and carers

earlydays

About our partnership with Early Days

Early Days provides workshops for parents and other family members of children aged 0-6 who have an Autism diagnosis or are awaiting an assessment.

A confirmed diagnosis is not needed to attend.

Learning Outcomes

This workshop helps you to:

- » Understand why toileting skills can be difficult for a child on the autism spectrum
- » Learn strategies that may help with teaching your child to learn to use the toilet

We tailor our workshops to the individual needs of our participants in order to provide the most relevant information and resources. All of our workshops are designed to be interactive for our participants including our online sessions.
