

Support Coordinator

Position Description

About Autism Tasmania

Autism Tasmania is a community based, not-for-profit, incorporated association and registered charity. We are committed to improving the lives of adults and children on the autism spectrum, their families, and carers; and to improve community awareness, acceptance, and understanding of autism. We work closely with our members and the extended autism community to advocate for equity and fairness.

Vision, Mission and Values

Our Vision: Optimum life outcomes for adults and children on the autism spectrum.

Our Mission: To help adults and children in Tasmania on the autism spectrum, their families, and carers to participate fully, independently, and equally in all aspects of their everyday lives.

Core Values:

Inherent worth

We recognise and celebrate that people on the autism spectrum are valuable members of society, capable of contributing to and enriching the lives of those around them.

Social justice

We value equality and recognise that some people need a greater share of resources in order to have equal opportunity.

Individual dignity

We value individuality, acknowledge that everyone should be treated with respect, and we believe that all people should have the opportunity to be involved in choices relating to their own wellbeing.

Respecting language and identity

We acknowledge the differing views within the autism community for describing autism and respect the right of individuals to choose the language which they believe most powerfully represents them.

Evidence-based practice and policy

We value evidence-based practice and consult with and seek input from the autism community to influence better policy outcomes.

Collaboration and community

We value partnerships with other organisations and celebrate the diversity and achievements of the community we represent.

Professionalism and accountability

We strive to operate our organisation transparently and with the best interests of our members and the Tasmanian autism community in mind.
