

Are you providing day to day care for a family member or friend?

Let Us Connect You with Free Support

Autism Tasmania, is working with Care2Serve to connect you with individualised support and resources.

So you can do the essential job of looking after your loved one.

Are you supporting an autistic family member?

Are you an autistic carer?

Are you getting the recreation & support you need for yourself?

We Can Help You:

- Connect with a community of carers like you
- Gain new skills
- Find support, resources and assistance tailored to your needs
- Get support navigating services you are entitled to use
- Take a break and focus on you
- Get help to balance caring and your other roles

We are excited to help you explore the supports and services available to you as a carer in the autism community!
