

Autism: School Transitions, Supports and Accommodations

A workshop for parents and carers

About Autism Tasmania's workshop

This 3 hour workshop is for parents and family carers of autistic children or those who show autistic characteristics. A confirmed diagnosis is not required. During this workshop we focus on strategies and resources to use within the classroom and how to work successfully with your child's school. Come and learn what role the school plays and what your rights and responsibilities are when you are supporting your child in an educational setting. This workshop is for all school ages. Our workshops are a safe place to ask questions, share understanding and gain connection from other families in similar circumstances.
